

Hydrangea Floral Notebook

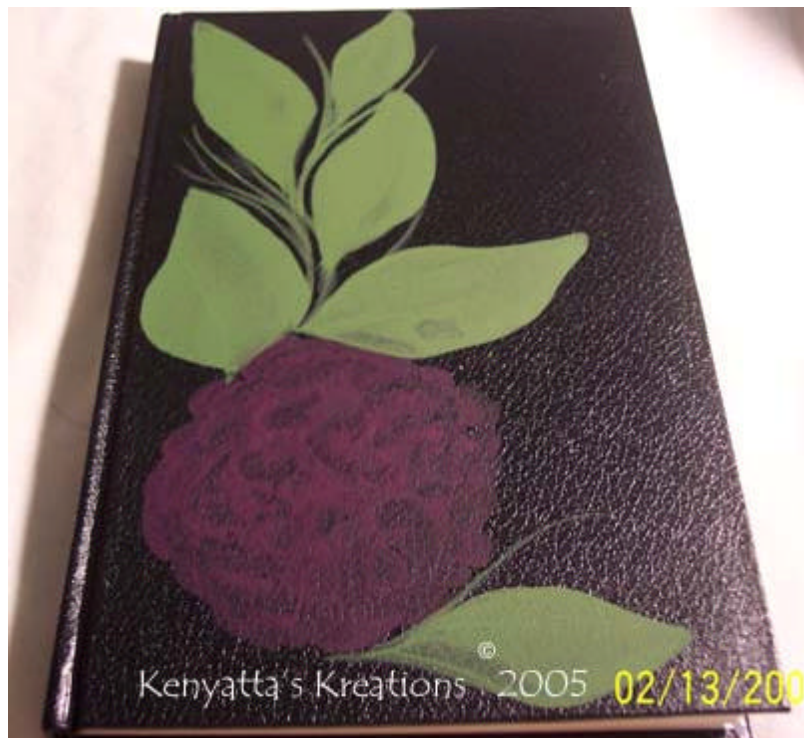

Original Design by Kenyatta Thomas

VOLUME 1, NUMBER 2, S/S 2005

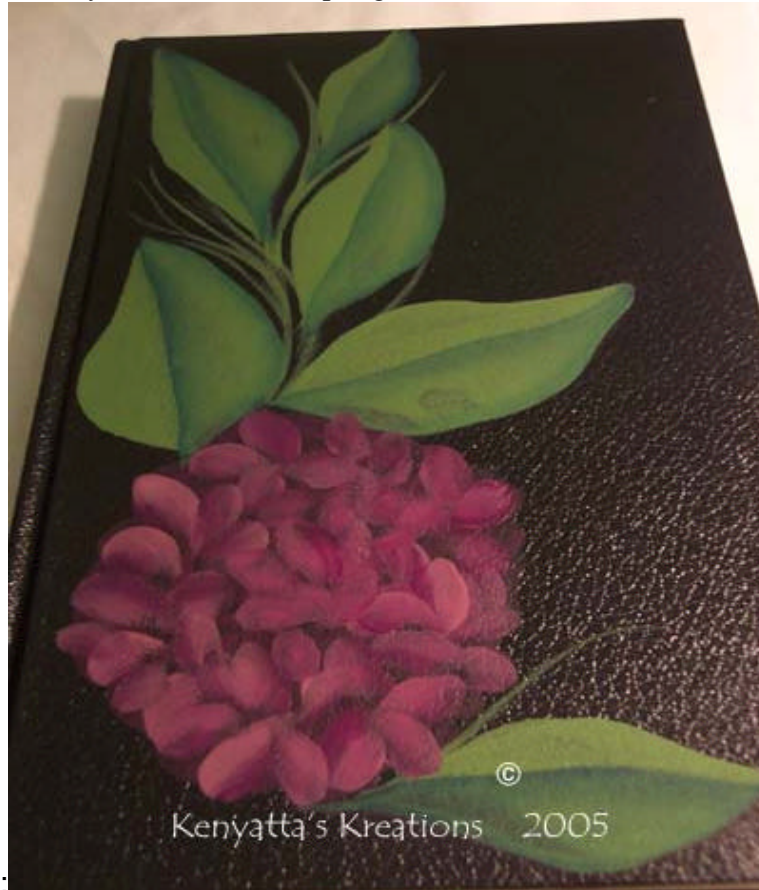

SUPPLIES NEEDED

Ceramcoat Paint Colors: Medium Foliage Prussian Blue Green Tea Eggplant Napa Wine Dusty Plum	Brushes: ½ Angle – Royal Fusion 8 Filbert – Royal Fusion	Surface: 4x6 faux leather unlined notebook
---	---	--

STEP 1 - BASECOAT:

Load your angle brush with Medium Foliage. Freehand leaves using the angle brush. Load your filbert with Eggplant, and using a dabbing motion, basecoat your hydrangea ball.

STEP 2 – SHADING:

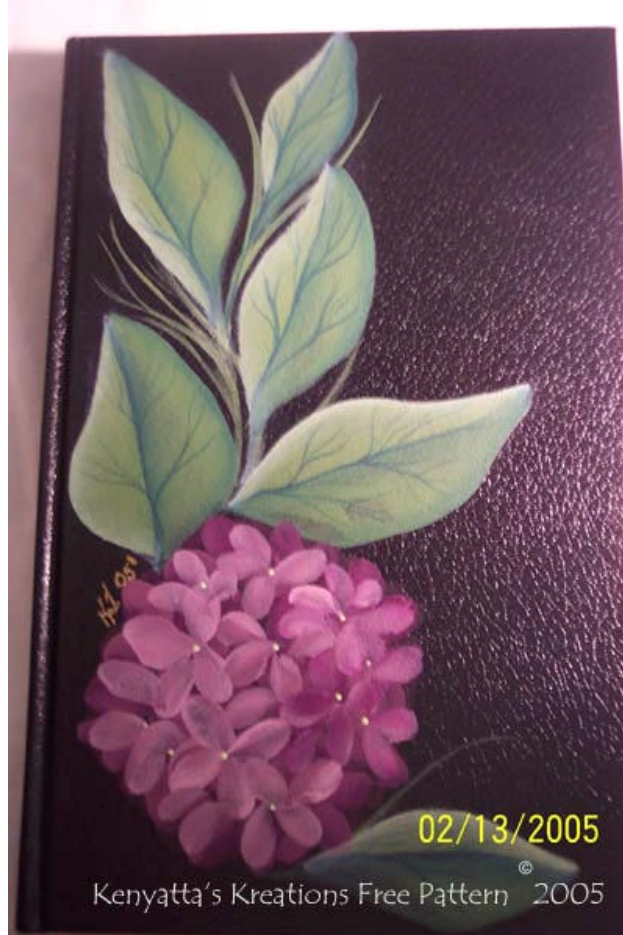

Using your angle brush, float Prussian Blue along center of leaves and on bottoms of the leaves. Double load your filbert with Napa Wine and a touch of Eggplant. Do a quick dab-twist-pull motion to create your flower petals – be sure to allow some of basecoat to show through.

STEP 3 – Highlighting:

Using your angle brush, float Green Tea along the tops of the leaves. Rinse your angle brush and load with Prussian Blue. Using a light touch, use the tip of your angle brush to create veins. Double load your filbert with Dusty Plum and a touch of Napa Wine to create some highlight petals on your hydrangea ball.

FINAL TOUCHES:

Use the tip of a pencil or stylus – dip in Green Tea and make random dots for flower centers. Let dry. Finish with your favorite brush on or spray sealer.
